TC/M Report:

- I had training today for telmatik and now all I have to do is get the residents information and set them up.

- We should look into our snowclearing because we spent a lot this year, more than double the amount budgeted.

- We have our armour stone kickoff meeting scheduled for Thursday morning at 10:00.

- We have hired a recreation director assistant for this summer.

-Our casual call-in was in for a training day this week and is scheduled for another day next week.

-Tomorrow is administrative professionals day.

- Next Wednesday at 9:00am, we have another two medical students coming in if you would like to stop by.

COMMITTEE REPORTS/UPDATES

- A work list has been provided with updates.

- The kickoff meeting is Thursday.
- The lift station was pumped out again today and the contractor was able to get the measurements needed to begin the retrofit project.
- The crew were working on the sewer system today as they had to wait to get all the proper safety gear. This is believed to have been caused by the company pumping the lift station and dumping through the man hole.
- The cost of snowclearing was discussed.

Question and Answer

Lindsay Rodgers - Who owns the land behind Wayne March and can we possibly put fill there and level it out?

- It is ours and we have already discussed this at the last meeting.

It was discussed that the community garden will be moved to John Hoskins just up above the monument or possibly behind the Orange Lodge. One concern is the proximity to the ocean by the Lodge and all the salt that the garden will be exposed to.

- Most agree it should be moved to John Hoskins.

Ted Hopkins - Can we do anything about the issues with the Foxes?

- No, the only thing we can do is call wildlife.

The next regular council meeting will be held May 5th, 2026 at 7:00pm.
