TC/M Report:

- We need a new bucket for the backhoe. We have a quote on a used one in great condition for one quarter the cost of a new one.

- We have a technician called to change the tires on the loader and backhoe. Also to fix the brakes on the loader.

- The armour stone project should be starting any time. They will be blasting to get the stone soon - location - just outside of Grates Cove.

- Next week on Tuesday, Representatives from municipalities will be here next Tuesday to do an inspection.

- We had a meeting with Fire Emergency services last week about our emergency preparedness plan. It went well and most of the corrections that were needed are now completed. We just need to transfer some information to a new template when we receive it.

- I spoke with the principal of Baccalieu and they want to take part in the community clean up May 28th.

- Our recreation director and her assistant started work this week.

- The mayor and I sat in on a webinar this morning about Emergency Preparedness. There is still a lot of work to be completed.

- On Thursday afternoon, the mayor, town foreman and I were invited to Tricon for a volunteer appreciation event.

-The symposium is this week Thursday to Saturday - Mayor Morgan and councillors Regular and Hopkins will be attending.

- I have been working on telmatik trying to figure out how to get the link to the form on our webpage, it seems to be going very well.

GENERAL BUSINESS

- The Administrative Assistant was wondering if she would be permitted to take vacation in February although the contract states otherwise.
- It was decided that since this contract will be void at that point and a new one in effect they cannot decide at this point. If she knew the dates she was looking at she could submit them and they would look into it.
- It was decided that no decision be made regarding purchasing a truck for the fire department until more information was provided.
